HTML – Exercise 6

Follow the instructions below and edit order.html so that it renders as shown in orderDone.png.

1. Insert appropriate comments including your name and date in order.html.
2. Add input, textarea, select and option tags at appropriate locations to reproduce the controls shown in orderDone.png.
   a. Name, Street Address, City, Postal Code and Phone should be required fields and display appropriate placeholders.
   b. Include pattern and title attributes for Postal Code and Phone.
   c. Set "12 inch" (for size) and "Thin" (for crust) as default selections.
3. If you wish to change any of the styles and/or layout of the page, feel free to make those changes in pizza.css and redball.css.
4. Save your changes.
5. Save the files to your W: drive.
6. Submit the URL to **order.html**.

Let's assume that student Jane Doe (eName: doej), has saved **order.html** within a folder called HtmlEx6 under her public_html folder on "W drive". The URL for this file would be:

https://cisweb.biz.colostate.edu/cis665/SP19Doe.doej/HtmlEx6/order.html
